

Thank You For Signing Up To Our Battery Storage Training!

This event includes all the normal aspects you have come to expect from us, such as manufacturer presentation sessions, Segen staff support and one to one sessions with manufacturer representatives at your convenience.

Featured manufacturers

On the day you will see sessions from LG Chem, Victron Energy, GoodWe, Hoppecke, SMA, TESLA, and SolarEdge as well as a Segen presentation about Growatt general best practice. We even have a representative from IET to go through guidance and regulations for installing storage solutions.

How To Plan Your Day

So that you can make the most of your day, we will be repeating the various presentations throughout the day three times, allowing you to pick and choose who you want to see and when. Think of it as a mini exhibition!

Each room will have a maximum capacity so we encourage you to make your way to the presentation room in good time for the presentation.

Don't worry if you miss a presentation, it will be repeated during the day and when manufacturers are not presenting, they will be available in the designated exhibition area away from the presentation rooms.

Refreshments and lunch

Refreshments will be served throughout the day, and lunch will be served at separate times for each room.

Segen Support

This year there will be a range of Segen staff on hand too! Sales staff, technical support, marketing and even our CEO will be there! Keep an eye out for:

Andy Pegg – CEO
Keith Harrison – Senior Technical Consultant
Claire Gardner – Marketing Manager
Sidonie Wood – Senior Marketing Executive
Ben Vinyard – Senior Technical Support
Chris Feeney – Technical Consultant
Jordan Wiley – Technical Consultant
Robert Pullen – Sales Account Manager
Raj Dosanjh – Sales Account Manager

Please see the reverse for times and locations of these sessions.

Room 1	Times	Room 2
Welcome / Networking	8.00am - 9.00am	Welcome / Networking
Segen - Keith Harrison – Senior Technical Consultant. <i>Guide to buying a battery storage system and the system types available.</i>	9.00am - 9.30am	Hoppecke – Danilo Zithier - International Sales Rep. <i>Guide to Hoppecke products plus Lead Acid v's Lithium Ion batteries.</i>
LG Chem - Michael Bruesewitz - Sales & Marketing. <i>Guide to the LG Chem battery and advancements in Lithium Ion Technology</i>	9.30am - 10.00am	IET - Ian Borthwick - Portfolio Development Manager <i>Battery installation regulations</i>
GoodWe – Colin Poulter – UK Service Manager. <i>Understanding and Fitting Hybrid Systems.</i>	10.00am - 10.30am	Victron – Nigel Vincent - UK Service Manager. <i>How to correctly specify a system.</i>
SolarEdge - Joseph Clarke - Technical Marketing Manager. <i>Guide to SolarEdge applications for solar storage.</i>	10.30am - 11.00am	LG Chem - Michael Bruesewitz - Sales & Marketing. <i>Advancements in Lithium Ion Technology</i>
Tesla - Alex Frank – UK Regional Manager. <i>Introduction to the Tesla PowerWall Battery Solution</i>	11.00am - 11.30am	SMA - Dean Kalek - Technical Trainer. <i>Guide to the Sunny Island battery inverter</i>
IET - Ian Borthwick - Portfolio Development Manager <i>Battery installation regulations</i>	11.30am - 12.00pm	Hoppecke – Danilo Zithier - International Sales Rep. <i>Guide to Hoppecke products plus Lead Acid v's Lithium Ion batteries.</i>
LUNCH	12.00pm - 12.30pm	GoodWe – Colin Poulter – UK Service Manager. <i>Understanding and Fitting Hybrid Systems.</i>
	12.30pm - 1.00pm	Segen - Keith Harrison – Senior Technical Consultant. <i>Guide to buying a battery storage system and the system types available.</i>
Victron – Nigel Vincent - UK Service Manager. <i>How to correctly specify a system.</i>	1.00pm - 1.30pm	LUNCH
SMA - Dean Kalek - Technical Trainer. <i>Guide to the Sunny Island battery inverter</i>	1.30pm - 2.00pm	
GoodWe – Colin Poulter – UK Service Manager. <i>Understanding and Fitting Hybrid Systems.</i>	2.00pm - 2.30pm	SolarEdge - Joseph Clarke - Technical Marketing Manager. <i>Guide to SolarEdge applications for solar storage.</i>
Hoppecke – Danilo Zithier - International Sales Rep. <i>Guide to Hoppecke products plus Lead Acid v's Lithium Ion batteries.</i>	2.30pm - 3.00pm	Tesla - Alex Frank – UK Regional Manager. <i>Introduction to the Tesla PowerWall Battery Solution Networking Opportunity</i>
Segen - Keith Harrison – Senior Technical Consultant. <i>Guide to buying a battery storage system and the system types available.</i>	3.00pm - 3.30pm	Victron – Nigel Vincent - UK Service Manager. <i>How to correctly specify a system.</i>
SolarEdge - Joseph Clarke - Technical Marketing Manager. <i>Guide to SolarEdge applications for solar storage.</i>	3.30pm - 4.00pm	SMA - Dean Kalek - Technical Trainer. <i>Guide to the Sunny Island battery inverter</i>
Tesla - Alex Frank – UK Regional Manager. <i>Introduction to the Tesla PowerWall Battery Solution Networking Opportunity</i>	4.00pm - 4.30pm	NETWORKING
NETWORKING	4.30pm - 5.00pm
