**Description:** Base profile kit/10

**Content:** 10 x 1 Base profile  
Fixings

**Material:** Aluminium<sub>Natural</sub>

### Base profile kit

The **base profile kit** provides the base attachment for the modular flat-roof installation system for standard PV modules.

One kit is required per flat-roof kit.

### Features

- Modular construction
- No damage to roof covering
- Ideal orientation possible
- High mechanical load-bearing capacity
- Quick, easy and secure assembly
- Weather-resistant aluminium
- Proof of structural integrity

Aluminium<sub>Natural</sub>: Plate finish (similar to RAL 7035, light grey)
