In-roof mullion, centre

The **centre integrated roof mullion** is a centre, vertical support profile for integrated roof installations.

Also required:
EPDM facing gasket (Art. No. 231 209)

Material: Aluminium plate finish, similar to RAL 7035

Important:

For the PV Light in-roof system, a water-channelling waterproof membrane **MUST** be fitted in the guttering.

Features

- Weather-resistant aluminium
- Quick and easy assembly
- Can be screwed directly onto the battens

Integrated roof mullion, side

The **side integrated roof mullion** is a side, vertical support profile for integrated roof installations.

Also required:
EPDM facing gasket (Art. No. 231 209)

Material: Aluminium plate finish, similar to RAL 7035

Important:

For the PV Light in-roof system, a water-channelling waterproof membrane **MUST** be fitted in the guttering.

Features

- Weather-resistant aluminium
- Quick and easy assembly
- Can be screwed directly onto the battens
