Description: Beam clip AI/50

Content: 50 beam clips

To fix the on-roof system onto Kalzip standing seam roofing.

Beam clip

The position of the Kalzip sliding clips under the standing seams must be taken into account when fixing the beam clip. There is then usually no need to use the mounting battens supplied in the on-roof installation kit.

Features

- Aluminium beam clip
- High mechanical load-bearing capacity
- Easy to align mounting rails
