

Article number: 221 777
Description: Anti-slide angle profile

Contents: 2 x angled profiles
2 x punching screws
length: 27 mm
2 x washers
Material: Aluminium

Anti-slide angle profile

The **anti-slide angle profile** is used for vertically positioned mounting rails. It interlocks with the mounting rail to prevent it sliding off the roof anchor. If mounting rails 1 and 2 are used, the anti-slide angle profile also prevents the PV modules from slipping.

Features

- Secure interlocking of mounting rails
- Quick and easy assembly
- Weather-resistant aluminium
- Proof of structural integrity

Aluminium_{Natural}: Plate finish (similar to RAL 7035, light grey)

Article number: 221 293
Description: Securing kit/10

Contents: 10 x 1 securing clips
10 x 2 pins
Material: Aluminium_{Natural}

Article number: 221 350
Description: Securing kit/40

Contents: 40 x 1 securing clips
40 x 2 pins
Material: Aluminium_{Natural}

Securing kit

The **securing kit** must be used for vertically positioned mounting rails to ensure that modules and mounting rails are securely interlocked.

One kit is required per mounting rail.

Features

- Secure interlocking of mounting rails
- Quick and easy assembly
- Weather-resistant aluminium
- Proof of structural integrity

Aluminium_{Natural}: Plate finish (similar to RAL 7035, light grey)
