

Article number: 231 137
Description: Vertical extension

Contents: 2
Length: 1368 mm
Material: Plate finish aluminium
Similar to RAL 7035

Use: For a S 125-SP module

Vertical extension

The **vertical extension** is used to vertically extend the basic cover frame to fit a specific system size.

Features

- Dimensionally stable thanks to plate edging
- Optimised drainage
