

Article number: 231 138
Description: Horizontal extension

Contents: 2
Length: 3400 mm
Material: Plate finish aluminium
Similar to RAL 7035

Use: For 4 S 125-SP modules

Horizontal extension

The **horizontal extension** is used to horizontally extend the basic cover frame to fit a specific system size.

Features

- Dimensionally stable thanks to plate edging
- Optimised drainage
