

Article number: 231 170
Description: Anti-slip kit

Contents: 20 Anti-slip units
20 Punching screws, 11 mm
Material: Aluminium_{Natural}/stainless steel

Anti-slip kit

The **anti-slip kit** is used for the side fixing of mounting rails 1-3 when using cruciform bracket kit 1 (221 926) and cruciform bracket kit 2 (221 828).

Note:

The anti-slip kit should only be used to secure horizontally positioned mounting rails.

Features

- Easy to insert into mounting rails
- High mechanical load-bearing capacity
- Slides sideways for quick and easy securing
- Weather-resistant aluminium

Aluminium_{Natural}: Plate finish (similar to RAL 7035, light grey)
