

**Article number:** 231 209  
**Description:** Facing gasket

**Contents:** 100 m, disposable spool

### Facing gasket

The **EPDM facing gasket** is used to seal the space between the bottom side of the PV module frame and integrated roof mullion 221 632 or 221 633.

### Features

- Temperature and UV-resistant EPDM
- Quick and easy assembly
- Double lip for optimum sealing of modules
