

**Article number:** 231 302  
**Description:** Diagonal bracing kit

**Content:**  
1 securing cruciform (2-part with turnbuckles)  
4 M8 x 14 socket head screws  
4 washers

**Material:** Stainless steel wire cable

### Diagonal bracing kit

The **diagonal bracing kit** is used to tension the free-standing support (231 299) and to accommodate the forces arising at the side. One diagonal bracing kit is required for each free-standing installation table (~17.5 m).

### Features

- Pre-assembled including lugs
- Ensures stability
- Weather-resistant stainless steel
- Fine adjustment using turnbuckles

Aluminium<sub>Natural</sub>: Plate finish (similar to RAL 7035)
