

## G100, Issue 2 Amendment 2

### Procedure & Registration Instructions

- Please fill out your details on the attached form B and together with the Cyber Declaration form (referred to in form B), present the documents to the DNO with your application.
- Please ensure the inverter has been updated to the latest firmware. The LCD code must be at least: -
  - E433 for Ecco 3.6k, 5k & 8k & Max 16k.
  - E043 for Three Phase, 8k, 10k & 12k.
  - E027 for HP3, 50k

This can be checked and actioned via [uksupport@sunsynk.com](mailto:uksupport@sunsynk.com).

- Please ensure the inverter is set to G99 or G100 on Sunsynk Connect. For any further assistance with Sunsynk Connect set up, please liaise with the technical team via the support centre.
