Manufacturer's Statement of Compliance

This Statement of Compliance is prepared by Tesla, Inc. In the opinion of Tesla, Inc as manufacturer of the above products, the manufacturer has complied with the applicable security requirements specified in Schedule 1 of the Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023.

Consequently, Tesla, Inc. certifies and declares that the above-referenced product(s) conform to the relevant security requirements for manufacturers which are summarized as:

- **Passwords**

All Tesla products have a unique password or the password is defined by the user of the product i.e. after initial setup, the user has the option to update password to enhance security. Passwords which are unique per product are not (a) based on incremental counters, (b) based on publicly available information, (c) based on unique product identifiers such as serial numbers unless done using encryption or keyed hashing, or (d) otherwise easy to guess.

- **Point of contact for security issues**

Tesla has published at least one point of contact to allow a person to report security issues to Tesla about the above products. Here is a link to the information for reporting security issues: <https://www.tesla.com/legal/security>

- **Publishing information on minimum security update periods**

Tesla has published the defined support period for each product and will publish any new defined support period if Tesla extends the minimum length of time for which security updates will be provided. The defined support period(s) for the product(s) are listed below which is correct as of the date that Tesla first supplied the product.

Product(s)	Powerwall 3	Powerwall 2	Gateway 2	Megapack 2 XL	Powerpack 3
Support Period(Yr)	10	10	10	15	15
